Cardiopulmonary Resuscitation (CPR)

This session will be presented by Officers of St. John Ambulance Victoria.

The purpose of the CPR course is to provide participants with the life support skills to be performed in the first few minutes of a life-threatening situation until medical assistance arrives.

Course Content:

- Duty of Care
- Communication and its vital role in first aid, including calling for emergency assistance
- Infection Control
- Management of a scene where first aid is required, including casualty assessment
- Management of Chocking
- Expired Air Resuscitation (EAR)
- Cardiopulmonary Resuscitation (CPR)
- Chain of survival

Training Materials:

- Student Resource Pack
- A St John First Aid Certificate valid for 1 year
