[This is the Session you have been waiting for!!!](#)

CPD Session – MONDAY, 12th September 2005 - Total of 2½ Hours

**Location: Bayview on the Park, 52 Queens Rd. Melbourne
At 7.00pm SHARP!**

Victorian Denture Scheme

Dr Shane McGuire, Manager, Quality & Clinical Compliance, Health Purchasing & Provider Relations, Dental Health Services Victoria.

Shane's presentation will endeavor to demystify the way the VDS operates, how it's funded and CHC's responsibility and administration of the Scheme. He will also cover other funding sources and how patients are able to access funds for dentures.

Issues to cover:

- waiting time
- Waiting list and why?
- probity and prefer provider perceptions
- non payment within 30 days
- funding sources administered by DHSV
- CHC's lists and what is given to patients
- patient freedom of choice
- demand areas
- how to get on the list for non VDS schemes

- what must be done if the VDS form requirements are wrong, misleading or need to be altered
- work outside the instructions written on the VDS form
- patients' payments and responsibility
- Superior work performed, metal versus acrylic and who pays? Can it be done? Whose permission is required? What authority is needed to perform superior or addition work?
- telephone versus written authority changes

“Solving the Major Myths that Surround Commercial Denture Cleansers and Adhesives”

A full clinical analysis will be provided to bust common myths associated with the use of commercial denture cleansers and to provide clinical evidence covering the effective holding time that can be expected from individual adhesives.

This aim of this session is to present a possible clinical format to provide new knowledge that can only help to grow business and improve the service provided by Dental Prosthetists. Clinical content will be presented with only minimal reference to products by the sponsor to distinguish clinical differences and patient benefits.

The sponsor has donated a Lucky Door Prize – a bottle of French Champagne, valued at \$100
